

META LIND SOLUTIONS

EXPERIENCE YOU CAN TRUST CONTRACT REDUCTION SERVICES

Voice/Data/Internet/Maintenance No Reduction - No Fee

- Your IT/MIS department orders voice/data products and approves invoices for payment.
- Your legal department reviews your contracts for conformance and content prior to signature.
- Your accounts payable department process payments.

But who, in any of these departments, has the background knowledge of:

- Rates, Terms and Conditions?
- US Codes and Tariffs?
- Current Carrier Discount Offerings?

Without this knowledge how can you pinpoint what billing elements can or can't be removed without impacting what you have ordered?

How can you be assured that your carrier is giving you their best rates?

By signing your contract as is, you may be agreeing to rates that are negotiable and elements not required.

Meta Lind Solutions, Inc., will work with you and your staff towards making sure you are getting the best possible rates, terms and conditions.

You have nothing to lose except higher bills. CALL NOW to find out about our contingency based contract reduction/negotiation services.

**Call us before you sign.
